Dear Harold,

The enclosed money order is for a copy of Post Mortem. I'm giving it to Harry Ford for his birthday, so I'd really appreciate it if you would sign it for him. Also, if it's at all possible, would you send me copies of the following ~~three~~ documents; I'm going to have slides made of them for use in my lectures and it's alot easier if I have individual copies of each instead of trying to have them copied from a book:

4/14/76

1. Humes' certificate stating he had burned the preliminary draft notes, with Burkley's signature
2. The Autopsy Descriptive Sheet with Burkley's verification
3. Memo from James Stover to all those involved with autopsy, threatening them with Court Martial if they opened their mouths.

Thanks,
Karen
